

BUILDING CONNECTION

THE INDUSTRY GUIDE FOR BUILDING
AND RENOVATION PROFESSIONALS

2019 MEDIA KIT

ABOUT BUILDING CONNECTION

For more than 30 years, *Building Connection* has been the primary source of independent industry information for Australia's building market – worth more than \$60 billion per annum.

Primarily targeting the micro-builder (1 – 10 staff), Building Connection provides the market with independent, well-researched technical advice, through an investment in our own researchers/editors and the support of experts columnists.

Our readers businesses focus on the booming renovation/new build and repair sectors and as small businesses, these industry professionals are normally difficult to communicate with and influence. *Building Connection* provides direct access to the business owner and decision makers, putting your message in front of this important sector of the building industry.

We are unique in that we promote the passing down of 'tribal knowledge', the wise old-man-way of doing things that is in danger of being lost to time.

ONLINE

The www.buildingconnection.com.au website is a valuable vehicle for communication between the print editions of *Building Connection*, to keep the industry up to date.

E-NEWSLETTER (NIB)

The fortnightly e-Newsletters are a newsfeed featuring all recent press and product releases delivered to industry inboxes across Australia and New Zealand.

INDUSTRY RELATIONSHIPS

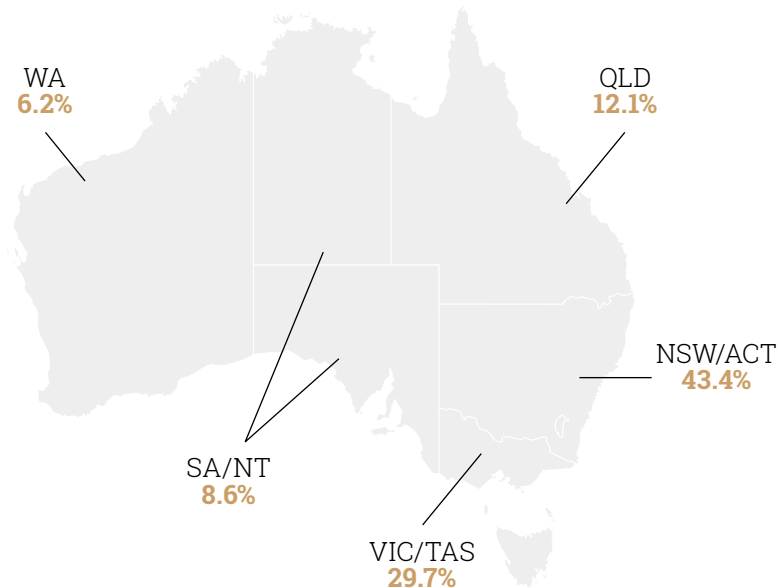

We remain independent of any industry association but work with them and their members on various stories, as appropriate.

In order to develop our story content and technical articles, we consult closely with many industry groups and their individual members. We greatly value these ongoing relationships and in turn offer these organisations access to disseminating important messages to the broader market.

MAGAZINE

Building Connection maintains its position as the leading independent trade publication for the professional building industry. For more than 30 years, the magazine has been the primary source of technical content for the industry – developing targeted content to help industry grow, to educate the building industry professional, and to interpret the changing regulatory and technological environment.

WEBSITE

www.buildingconnection.com.au website is the site that caters for the building industry. The site fills the much needed hole between the quarterly editions of the magazine and provides the industry with a single point for keeping up to date with press and product releases. We regularly receive industry and product news which doesn't meet our quarterly print publishing schedules – the website offers a unique environment to disseminate this information to our active database of industry visitors.

The website has been developed for responsive viewing – making it accessible to all building professionals on any device that is relevant (desktop, tablet or mobile)

The screenshot shows the layout of the Building Connection e-Newsletter. At the top left is the logo "BUILDING CONNECTION". Below it is a featured article with a photo of a room and a vase of flowers. The article title is "Crop rotation, building with hemp" and the text discusses hemp-based construction. To the right of this article are two vertical yellow boxes labeled "YOUR ADVERT HERE", with a bracket on the right side labeling them as "News tower". Below the article is a horizontal yellow box labeled "YOUR ADVERT HERE", with a bracket on the left side labeling it as "News breaker". Below that is another article titled "When six star is failing to reach the NCC's six star air tightness requirement" with a thermal image. Below this article is another horizontal yellow box labeled "YOUR ADVERT HERE", with a bracket on the left side labeling it as "News breaker". At the bottom left, there is a small link: "Building TV - Episode 4 (7 August 2018)".

BUILDING

To complement our magazine, website and e-newsletter offering, we have launched **Building TV**.

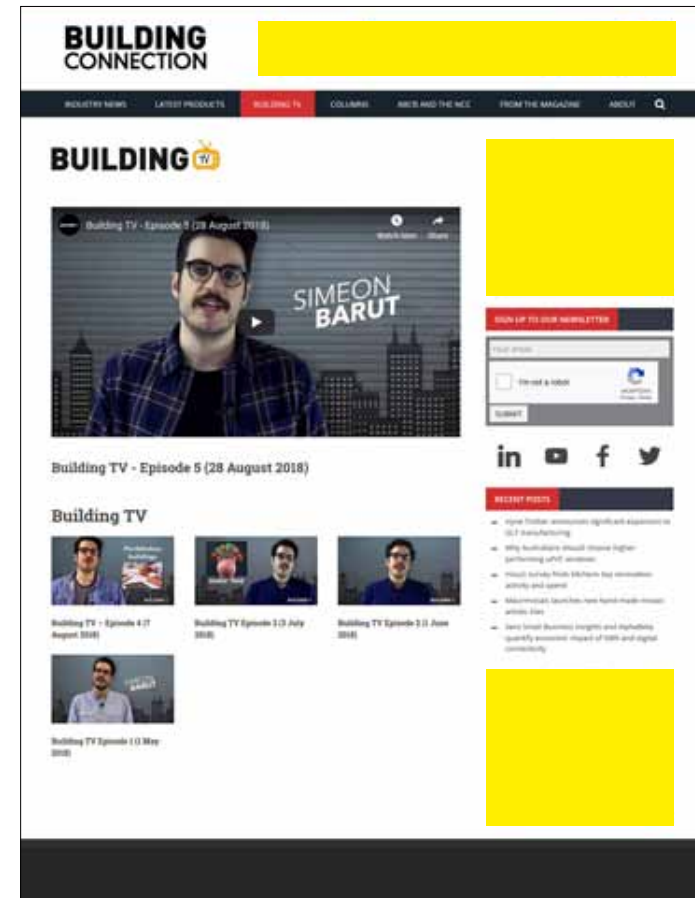

Online videos are unquestionably a popular vehicle for brands looking to build or maintain a strong voice in the industry. **Building TV** is a new service aimed at giving marketers an opportunity to communicate with our important audience of engaged systems integration professionals.

As with any marketing, reach is a key objective. **Building TV** leverages existing websites, e-Newsletters and social media within the building eco-system to ensure your message is in front of the whole industry. The **Building TV** channel is found at www.buildingconnection.com.au/tv/.

All videos, once uploaded to the **Building TV** YouTube channel, will be distributed through:

- *Building Connection* website
- e-Newsletter platform (NIB)
- Social Media (Facebook, Twitter and LinkedIn)
